

- *Each session includes: videos, talk, medical and surgical endovascular intervention
- *Total of 4 invitees: 15 min each (7 talk/10 min discussion/questions at the end of the session)
- *Allied health personnel (NP, PA'S can be included on the invitees or in the panel discussions)

Thursday, October 3, 2024

Houston Citywide Structural Dinner

Location: Intercontinental Hotel-Medical Center

5:30PM 7:00 1:30:00

Registration, Exhibits

7:00PM 7:05 0:05:00

**Welcome-
Dhaval Parekh, MD, Daniel Hermann, MD, Marvin Atkins, MD**

Moderating Panel: Stephanie Coulter, MD, James Livesay, MD, Ross Reul, MD, Michael Macris, MD

7:05 7:12 0:07:00

Mitral Clip in Low-Risk Surgical Patients- That's Fake News!
Razvan Dadu, MD

7:12 7:19 0:07:00

TEER 2024- Where are we now?
Abhijeet Dhoble, MD

5-minute Discussion

Moderating Panel: Lauren Barron MD, Alexander Postalian, MD, Neil Strickman, MD, Robert Aertker, MD,
Robert Bagwell, MD

7:24 7:31 0:07:00

SAVR or TAVR as a first choice on a 65-year-old patient?
Ourania Preventza, MD

7:31 7:38 0:07:00

Neuro protection in TAVR: Is your brain worth it? *Scott Bassett, MD*

5-minute Discussion

Moderating Panel: Alpesh Shah MD, Vincent Aquino, MD, Ali Denktas, MD, Bindu Akkanti, MD,
Sam Sheth, MD

7:43 7:48 0:07:00

High-risk PCI- To support or not to support
Razvan Dadu, MD

5-minute Discussion

Moderating Panel: Abdi Rasekh MD, Ramesh Hariharan, MD, John Seger, MD, David Burkland, MD,
Ijeoma Ekeruo, MD

7:53 7:58 0:07:00

LAAO- Device agnostic or favorite child?
Ami Kashani, MD

7:58 8:05 0:07:00

Lead Extractions with Vegetation/Thrombus- How I do it
Amish Dave, MD

5-minute Discussion

8:10 8:30 0:20:00

Discussion/ Closing Remarks

Friday, October 4, 2024

Interactive Cardiovascular Symposium

Location: Houston Methodist MITIE

6:30AM 7:00 0:30:00

Registration, Exhibits

7:15AM 7:30 0:15:00

Welcome to ISEVS Annual Symposium, Few Notes About the Program
Palma Shaw, MD

Thoracic Aortic Interventions

Moderators- Kim Delacruz, MD, Ourania Preventza, MD

7:30 7:37 0:07:00

Endobentall (and ascending aorta)
7 min talk
Ourania Preventza, MD

7:38 7:45 0:07:00

Endovascular ascending options for type A aortic dissection
7 min talk
Nimesh Desai, MD

7:46 7:53 0:07:00

Totally endovascular experience with Chimneys and In-situ fenestration
in the arch for aortic dissection
7 min talk
Ivo Petrov, MD

7:54 8:01 0:07:00

Endo Arch
7 min talk
Kim Delacruz, MD

8:02 8:12 0:10:00

Discussion

Thoracoabdominal Aortic Interventions and Other Topics-

Moderators- Jayr Chung, MD, Rana Afifi, MD

8:15 8:22 0:07:00

Update on FB-EVAR for complex aortic aneurysms
7 min talk
Gustavo Oderich, MD

8:23 8:30 0:07:00

Endovascular repair of TAA- Post chronic dissection
7 min talk
Javairiah Fatima, MD

8:31 8:38 0:07:00

Endovascular Aortic Aneurysm Repair in Women:
Considerations for Approach to Treatment and Device
Selection
7 min talk
Rana Afifi, MD

8:39 08:46 0:07:00

Disparities Presentation
7 min talk
Kakra Hughes, MD

8:47 8:57 0:10:00

Discussion

Young Endovascular Specialists-

Moderators- Palma Shaw, MD, Alan Lumsden, MD

9:00 9:05 0:05:00

Current status of Endovascular Arch Repair
5 min talk
Steve Maximus, MD

9:05 9:10 0:05:00

Innovations in Peripheral artery disease imaging and devices
5 min talk

Trisha Roy, MD

9:10 9:15 0:05:00 Drug eluting stenting in the carotid space – reasonable or not?
5 min talk
Alexander Postalian, MD

9:15 9:25 0:10:00 **Discussion**

9:25 9:55 0:30:00 **Exhibits, Coffee**

Cerebrovascular Interventions-

Moderators-Grace Wang, MD, Ivo Petrov, MD

10:00 10:07 0:07:00 Subtotal carotid stenosis and cognitive dysfunction- Is CAS a viable option?
7 min talk

Ivo Petrov, MD

10:08 10:15 0:07:00 Latest Advancements in Carotid Dissection Diagnosis and Management
7 min talk
Giancarlo Accarino, MD

10:16 10:23 0:07:00 When to intervene on octogenarians with asymptomatic carotid stenosis
7 min talk
Grace Wang, MD

10:24 10:34 0:10:00 **Discussion**

Peripheral Vascular and Topics of Interest

Moderators- Chris Zarins, MD, Venkatesh Ramaiah, MD

10:34 10:41 0:07:00 **Alternate Access Techniques in lower extremity ischemia**
7 min talk
Enrique Hernandez, MD

10:42 10:49 0:07:00 **Latest Advancements and use of Drug Eluting Stents for Lower Extremity Arterial Disease**
7 min talk
Rebecca Reachi, MD

10:50 10:57 0:07:00 **Improving long-term survival following lower extremity revascularization**
7 min talk
Chris Zarins, MD

10:58 11:05 0:07:00 **A paradigm shift in treating severe Peripheral Vascular disease a non-surgical approach.**
7 min talk
Miguel Montero-Baker, MD

11:06 11:13 0:07:00 **Can we achieve " Zero Radiation" and "Shed the Lead" In Complex Aortic Aneurysms. Reporting on "The First World Case and Experience with FORS in Conjunction EGG Radiation Protection System**
7 min talk
Venkatesh Ramaiah, MD

11:14 11:21 0:07:00 **Is Building a PERT program needed: The why and how?**
7 min talk
Sameh Sayfo, MD

11:22	11:32	0:10:00	Discussion
11:32	11:40	0:08:00	<i>Presentation of Lifetime Achievement Award</i> Marvin Woodall
11:40	12:10	0:30:00	Exhibits, Coffee, Grab Lunch

Industry Luncheon (NON-CME)

Moderators-Alan Lumsden, MD, Rodney White, MD

12:10	12:17	0:07:00	Update on Large Bore Closure 7 min talk <i>Zvonimir Krajcer, MD</i>
12:18	12:25	0:07:00	Thrombolex Presentation 7 min talk <i>Riyaz Bashir, MD</i>
12:26	12:33	0:07:00	Hybrid Management of the Distal Arch Aneurysm 7 min talk <i>Marvin Atkins, MD</i>
12:34	12:41	0:07:00	Silk Road Presentation 7 min talk <i>Alan Lumsden, MD</i>
12:41	12:50	0:09:00	Discussion
12:50	1:00	0:10:00	Exhibits, Coffee, Transition to Lab
1:00	5:00	4:00:00	Hands on Cadaver/ Simulation (NON-CME)
5:00			ADJOURNED

Reception at Intercontinental Hotel

Friday, October 4, 2024
Room 2

APPs in Endovascular Surgery -

7:45	8:00	0:15:00	Welcome <i>Nai-Ling Yeh and Crystal Rene DeCotret</i>
8:00	8:30		Endoscope Vein Harvesting Essential <i>Jenny Wong, PA-C</i>
8:35	9:10		Endoscope Radial Artery Harvesting Essential <i>Boris Bratovich, PA-C</i>
9:15	9:45		Endovascular Essentials <i>Crystal Rene De Cotret, PA-C</i>
10:00	10:30		Central Line and A-Line essentials <i>David Baker, PA-C</i>
10:40	11:10		H/D access & Vein Ablation <i>Crystal Rene De Cotret, PA-C</i>
11:15	11:45		Imaging Essentials <i>Stephanie Tang, NP</i>
12:00	13:00		Lunch
13:00	17:00		Hands on simulation/Cadaver Lab (NON-CME)

Reception at Intercontinental Hotel
